**\*First Return On Investment:\*** Eliminate costly cabinet base shelf damage caused by water leaks, chemical spills, mold, and other common issues that can destroy your cabinets over time. The expenses associated with these problems can quickly escalate, including repairs, labor, and other maintenance-related costs. Don't let these issues frustrate you and cut into your budget. With Cabinet Savers, you can effortlessly clean up leaks and spills in just minutes without any damage to your cabinets.

Unlock a 4 – 20x Return on Investment. Repairing or replacing cabinet base shelves can drain your budget, costing anywhere from \$100 to \$500 or more, and also waste maintenance time. By investing only \$20.75 (or less) in Cabinet Savers, you're not just protecting your cabinet assets but ensuring a remarkable **Return On Investment** of 4 to 20 times. Make the wise choice today and secure your peace of mind while protecting your cabinets and your property!

**\*\*Second Return On Investment:\*\*** When a Cabinet Saver detects a minor water leak or spill before it escalates into a major issue, the savings on repairs can be substantial. Repair costs for a single leak can easily exceed thousands of dollars, not just for the affected apartment but also for any units below.

Consider an apartment building with 100 units. With an average cost of just \$20 per Cabinet Saver, you can install two Cabinet Savers in each apartment for a total investment of only \$40 per apartment. That means a mere \$4,000 secures protection for your entire building. If a Cabinet Saver alerts you to just one small leak before it becomes a bigger problem, the money and time saved are immediate and significant. **Now this is a powerful Return On Your Investment!**

**Add the TWO returns together, and it makes the investment in Cabinet Savers a "Smart Choice."**

**Why start with a small leak like this and end up with a mess like this?**

**If your cabinets are already damaged or are in pristine condition, Cabinet Savers has you covered.**  
**Preventive Maintenance is always the best and most cost-effective Maintenance option!**

**Remember**, if your cabinet already has some damage to the base shelf, Cabinet Savers can cover that unsightly damage and prevent additional damage before a major repair/replacement is necessary. And if they are in pristine condition now, Cabinet Savers will keep them that way for years without needless repairs.
